Longview, TX ranks #2 in Best-Performing Cities!

The 2009 Milken Institute/Greenstreet Real Estate Partners Best-Performing Cities Index

Leaders in this year's index, which ranks U.S. metros based on their ability to create and sustain jobs, are all metros that succeeded in avoiding the worst of economic declines driven by falling housing markets and job losses in manufacturing and global trade. Regional economic factors also strongly influenced the rankings this year. Another factor helping Texas metros move up in the rankings is the state's favorable business climate and its ability to attract jobs and corporations away from higher-cost states.
