Longview Outpaces State and Nation In Job Growth

By Master site admin

Published: 08/01/2005 - 1:32pm

The cost of doing business – labor, energy, tax burden and office – is well below the national average and helps Longview's growth. The long-term growth prospects considers high tech share of GDP, educational attainment, climate, export share of employment and relative business costs. Longview ranks 268 of 387 in this index.
